Oscar B. Huyghe

Principal Oscar B. Huyghe

Douglas MacArthur High School began its fifth year with a new principal, Oscar B. Huyghe.

Though new to our school system Mr. Huyghe is well known in the area. Since 1956 he has been assistant principal of Saginaw High School and director of secondary summer school for the Saginaw schools.

Born in Colorado Springs, Colorado, Mr. Huyghe graduated from Taylorville Township High School, Taylorville, Illinois. He received his bachelor of science degree from Eastern Michigan University in 1941 and his master of arts degree from the University of Michigan in 1954.

He taught at Unionville and then Utica, Michigan, from 1941 to 1943. He served as a B-17 bombardier during World War II. He began teaching instrumental music at Saginaw High School in 1945. In 1955 he became head of the counseling department. He served as acting principal at Arthur Hill High School for a short time in 1964.

Mr. Huyghe is a member of the Saginaw Valley Principal's Association, the Michigan and National Education Associations, and has served on the North Central Association Accreditation Committee. He is a vice-president of the Downtown Kiwanis Club, a member of the board of directors of the Saginaw Community Concert Association, vice-chairman of the Saginaw County Chapter of the National Foundation of the March of Dimes, past-president of the Fordney Club and the United Service Clubs, and a member of the First Congregational Church.

Our new principal and his wife have two daughters, Mary Ann, who is married and a senior at the University of Michigan, and Linda, who is a sophomore at Michigan State University.

Mr. Huyghe is very proud of our beautiful school, its fine faculty, its cooperative staff. He plans that all will work together to provide each student with the best education that an enriched curriculum and modern educational techniques can achieve.

Best wishes to Barb
Mat E. Matson

MacArthur has three assistant principals. Mr. Max Matson works in the central office and eases the busy schedule of Mr. Huyghe. Mr. Russell Spaulding and Mr. William Matson are in charge of the halls. Substitute teachers, textbook inventory, locker assignments, discipline problems, and some classroom teaching are all part of their duties.

Drama

SUSAN OSTRANDER

Drama, music, and art all deal in varying degrees with self expression.

In the area of drama, students may express themselves by portraying a character so that the audience will find it credible. Students in music strive to express themselves through vocal and instrumental talents. Art students use many media of communication ranging from painting and ceramics to sculpture and wood prints.

English

Striving to meet both the practical and specialized needs of the students, the English teachers combine the study of literature and written and oral composition.

Literature, in many different subjects, genres, and levels of interpretation, is generally related to the personal experiences of the students to increase the meaning of each selection. The ability to communicate is always stressed.

In the English Department, Mrs. Larson is conducting an experiment in multi-level teaching. Students interested in working on their own can elect one of three work areas--contemporary literature, English composition, and creative writing. Each of these areas is in turn divided into smaller groups of individual interest. Groups in all areas are in class simultaneously and emphasis is on individual needs and progress.

Counseling is the process in which an experienced and trained person assists a second person to understand himself and his opportunities, make appropriate adjustments and decisions in the light of this understanding, accept the responsibility for this choice, and follow a course of action in harmony with his choice.

Each counselor starts out with a ninth-grade class and follows that same group through each year until those students graduate. A secretary, Mrs. Frey, was added to the staff this year, and she has done a fine job in assisting the guidance counselors.

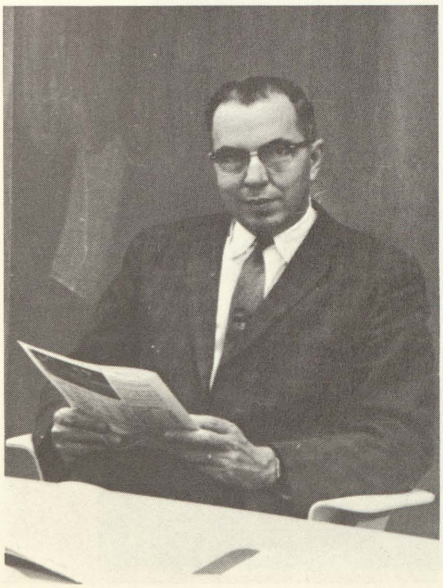
Special Education

MAX ZITTEL



The Special Education Program was established at MacArthur to afford all students an opportunity to work at their own rate. The program is tailored to meet individual needs. The main emphasis is on occupational education, training the student to accept a responsible position upon graduation.

Three objectives of the program are: personal competencies for working, social competencies for working, and academic competencies for working. The benefits of such a program have become apparent in that students are progressing in such subjects as physical education, science, language arts, and fine arts.

Science

In addition to the generally accepted goals of science courses in most high schools, Douglas MacArthur attempts to give its students much laboratory experience similar to that encountered in industry and research laboratories.

For those students with special aptitude, there is offered a second course in biology, chemistry and physics. During the school year 1965-66 an introductory course in physical science was started, based to a large extent on laboratory experience.

Debate Team

The Douglas MacArthur Debate Team this year sought to develop self confidence, the ability to work with many types of people, and speech skills by participating in interscholastic discussions and debates. Writer's Club

Promoting creative writing skills among its members is the main purpose of the Writer's Club. To accomplish this purpose, at each of the meetings this year, two members read original manuscripts for club criticism. The club, sponsored by Mrs. Larson, attended two meetings of the Saginaw Writer's Club and produced the VENTUS, a literary annual. A tea was also given featuring an outstanding Midland writer, Marge Duda, who won the Saginaw Writer's Club award for the best story of the year.

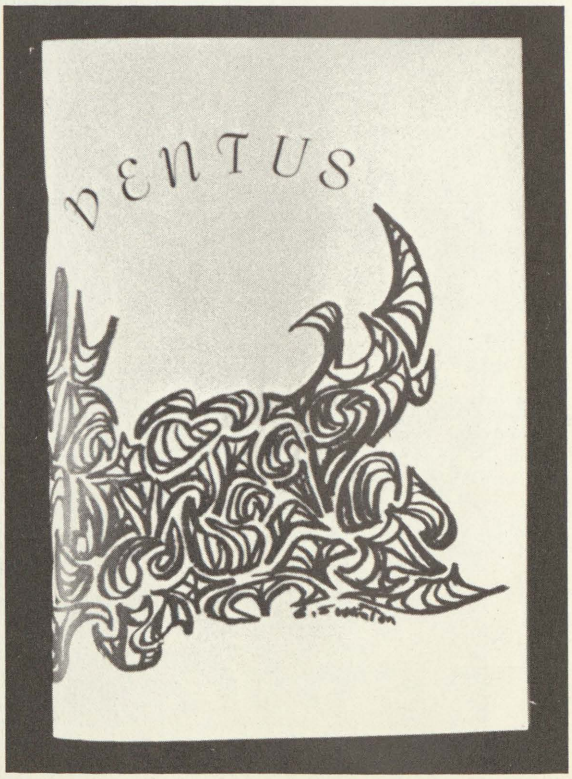
Poems, essays, and other types of literature can be submitted, and members of the club choose the best and edit them for printing. The VENTUS comes out in the spring of each year.



Art Club

The Douglas MacArthur Art Club acts as a social club for those art students who wish to meet and discuss the arts. Activities of the Art Club include a trip, which was taken to Chicago last year, demonstrations by local artists, and visits to studios and art exhibits. During the 1965 - 1966 school year, the four girls who are pictured at the left participated in the program. They are, from left to right, Dorothy Periard, Judi Valentyne, Kay Yerden, and Janet Thomas. Sea Nymphs

The Sea Nymphs, sponsored by Mrs. Marilyn Black, is Douglas Macarthur's synchronized swimming club. The members of this active organization attempt to improve their swimming abilities and to experiment in a new form of creativity. The Sea Nymph's major activity of this school year was a water show with Broadway plays as the theme, given on May 5th and 6th, 1966.

The picture above and to the right are scenes from the Sea Nymphs' 1964/1965 water show, "Holiday Escapades." Above, Sue Busch, Cindy Bereznoff, and Linda Hoff are shown in "Leprechaun's Frolic," a performance representing St. Patrick's Day. On the right is the finale of the show, in which the entire cast formed a Christmas tree with lighted candles.

Pep Club

The main purpose of the Pep Club, sponsored by Mrs. Vander Breggen, is to promote school spirit. The club elected officers in the spring and had a meeting before every pep assembly to plan a program. When a sports season began, the coach of the sport gave a talk at an assembly introducing his players and starting lineup. The Pep Club also put on skits at assemblies such as ones on the most popular girl date and boy date, the biggest eater, the peppiest person, and what football players wear. An exchange assembly with Arthur Hill was planned with skits on sportsmanship and booing. By planning these events, the Pep Club helped promote school spirit and boost the morale of the athletes.

Symphonic Band

Over the past few years, MacArthur's two band groups have become a very important part of our school. These two bands combine to form the marching band, which performed at all home football games. In addition to school activities such as a Spring Concert, the band attended a District Band Clinic and a festival and performed in Saginaw's Veteran's Day Parade on November 11, 1965.

Orchestra

MacArthur's Orchestra was a very active group during the 1965/1966 school year. The orchestra presented a Spring Concert, played for other schools, and sent outstanding members to the District Clinic and the State Honors Orchestra. Annually the Orchestra attends a festival and urges individuals to compete for awards in solo and ensemble festivals.

Choir and Chorus

Douglas MacArthur's choir and chorus were the fastest growing organizations in the school this year, for their membership grew from about thirty to seventy-five. The choir operated as a performing group, while the chorus trained students in voice control. This year, the choir performed at social club affairs, for area organizations, in public concerts, and in school assembly programs. Both the choir and chorus sang all types of music, including anything musically educational and enjoyable. Their singing was teamwork in which each person cooperated with others in his section and with persons in other sections.

The Madrigals is the most select singing group at MacArthur. The activities of this group, which is limited to from eight to twelve voices, give advanced singers an opportunity to perform more complicated and difficult pieces of music. The Madrigals is the official representative group of the school. It received a second place in the Michigan School Vocal Association Solo and Ensemble Festival and performed for organizations and service clubs in the Saginaw area.

The Folk Singers Club was organized primarily because the members enjoyed singing, rather than because they wished to perform. The members sang in harmony with banjo, guitar, accordion, and piano accompaniment and often split into small groups. Membership was not limited in size, and although there were no performing requirements, the members were allowed to perform if they wished.

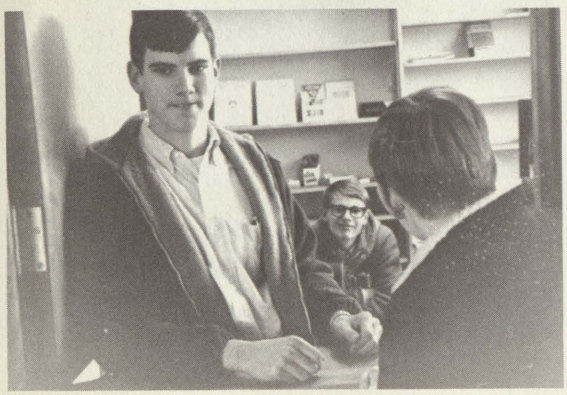
Key Club



The Key Club, sponsored by Mr. Anderson, has service as its main purpose. The members ran a book store at school, passed out programs at home football games, and provided the school with a map mounted outside the center building. The following pictures show members in the book store.

The Student Council, working under the leadership of President Tom Putz, set its goal for the 1965-66 school year as unifying the student body and promoting genuine school spirit. In the fall, the council, consisting of homeroom representatives, class presidents, foreign exchange students, and the four officers, met to plan the year's activities. The homecoming ceremony and dance, the Turkey Trot, a memorial project, the assemblies, and the installation of a malt machine in the Kivateria were among the many activities.

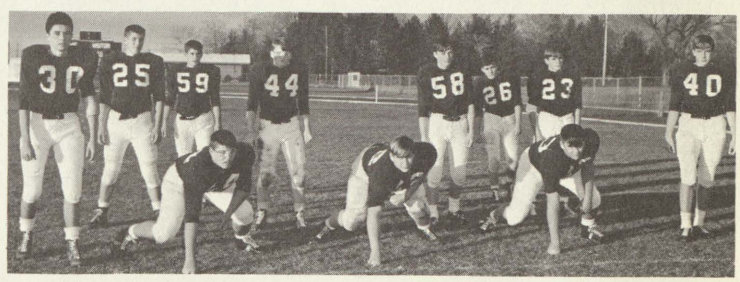
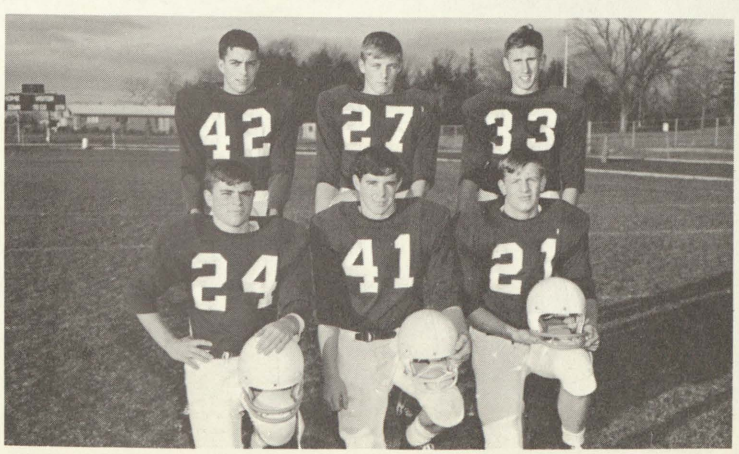
A Defensive Squad



The six players pictured below scored two or more touchdowns during the season this year.



This was the best season ever recorded at MacArthur for the Jay-Vee football team. Their record was five wins, two losses, and one tie.

It can be noted that when the Jay-Vee team won, they won big, ending games with scores like 67-0, 52-0, and 51-0. If they lost, they never finished a game without "spreading" a few opponents on the field. The boys won and lost tough.

"Let's have one big fight . . . FIGHT!" So goes the spirit and energy of our three squads of spiffy cheerleaders. Being a cheerleader includes daily practice, spotless white shoes, a crisp, fresh blouse, and even long underwear on chilly football nights.

A cheerleaders' clinic at C.M.U. in Ypsilanti gave the girls a chance to share ideas with other high school cheerleaders of Michigan. "Camp All-American," a summer program for cheerleaders, sparked their imaginations for new cheers and skits.

MacArthur's 1965 Homecoming

Queen Jenny and Her Father

Reigning over Homecoming Week festivities were Queen Jenny Boyd and her court. The Homecoming Assembly was held Wednesday, October 27th. Jenny wore the traditional white sweater and skirt, while the members of her court wore similar matching ensembles in colors of light blue and royal blue. They were escorted to the stage by members of the football team. Bob Dilts, Master of Ceremonies, presented the girls with engraved charms, gifts from the student body.

The climax of the girls' eventful reign was the half-time ceremony at the Homecoming Game on Friday, October 29th. They were escorted to the field by their fathers, where Mr. Huyghe crowned Queen Jenny.

A 39-0 loss from the Chemics did not dampen the spirits of the Queen's Reception following the game.

HONORARIES

NATIONAL MERIT SEMI-FINALISTS--The National Merit Scholarship Qualifying Test challenged Philip Reynauld and Kathy Hurst who emerged as the 1965 semi-finalists. The test provides a measure of educational development in five areas: English, mathematics, social studies, natural science, and word usage. It combines a nationwide search for talented youth with a number of services designed to increase financial assistance for able students.

D.A.R. GOOD CITIZEN--Linda Haenlein was chosen by her teachers and fellow students as the Daughter of the American Revolution Good Citizen in recognition of her outstanding service to Douglas MacArthur.

ENGLISH ACHIEVEMENT AWARD--Sue Pendell, Pat Shannon, and Linda Haenlein were named runners-up in the National Council of Teachers of English annual Achievement Awards competition.

WOLVERINE BOY'S STATE AND WOLVERINE GIRL'S STATE REPRESENTATIVES--Lynn Mahaney, Peter Greko, Dennis Andrews, and Diane Wolfe were the seniors who represented MacArthur at the June conferences held in East Lansing and Ann Arbor.

Freshman-Sophomore Outstanding Award Students

Who is the most outstanding in scholarship? Who are the leaders of the graduating class? Which freshmen are best known to their classmates? Every year these questions are asked among the seniors and underclassmen, and each year the departmental sections provide the answers through informal polls of the faculty. Recipients of the 1965-65 "outstanding awards" were announced at the annual Honors' Banquet, April 28,1965. As a result of the increased enrollment, two banquets were held, with each department issuing awards to both the freshman-sophomore and junior-senior grades. The award students received inscribed medallions as tokens of their achievement.

Kirk Dennis and Sue Chenoweth were named the "Outstanding Freshman Boy and Girl of 1965."

The exchange students from Europe, Ute Breder, Roland Gdaniec, Edzard Ockenga and Odd Vilgotsson, bring to us a touch of Old-World atmosphere.

"We are happy to notify you of your acceptance for our Youth for Understanding Teenage Exchange Program . . ."

The thrilling news of an acceptance letter brings great anticipation to an exchange student. It is the beginning of an experience that can never be forgotten. An exchange student in a foreign country becomes "one of the family" and comes to understand the way of life of his host family.

The selection of an exchange student is based on applications, references, school records, and personal interviews. This total picture indicates whether a student has the responsibilities essential for an "ambassador" to a foreign country.

Mr. Garn, the exchange committee sponsor, is the Y.F.U. representative at D.M.H.S.

Exchange Students

Representing our community and school in Europe in the Y.F.U. summer program of 1965 were: standing - Mary Watson, Chris List, Tim Everett, Ned Falk; sitting - Doreitha Radenbaugh, Pat Antell, and Janet Thomas. Missing from the picture are Bob Loerke, Paula Peterson and Ted Freidinger.

Let's see now, was it Argentina or Peru??

Vera Vogt and Vera Carvalho are South America's contribution to the international life at D.M.H.S. this year. The girls arrived in Michigan in December and will live in local homes until they go home in July.

NOT TAKEN

Then took the other, as just as fair,
And having perhaps the better claim,
Because it was grassy and wanted wear;
Though as for that the passing there
Had worn them really about the same,

And both that morning equally lay
In leaves no step had trodden black.
Oh, I kept the first for another day!
Yet knowing how way leads on to way,
I doubted if I should ever come back.

I shall be telling this with a sigh
Somewhere ages and ages hence:
Two roads diverged in a wood, and I -
I took the one less traveled by,
And that has made all the difference.

Time Age

I'm thinking of the time
when you were little: yesterday
tumbled hair, crooked smile,
bandaged knee --
Jumping over wagons and fences
into your youth
and two-wheeled bicycles
and Little League Baseball,
Batting your way
into dental appointments for braces
and banjo lessons,
Strumming your soul away
into adolescence and maturity.
Then you grew up and married for love
and for this precious child, my
grandson,
who will have, tomorrow,
tumbled hair, crooked smile,
bandaged knee
just like you had yesterday.

After June ninth, each graduate in the class of nineteen sixty-six will turn their own way to start down the long road that lies ahead. It is important that we young people leaving Douglas MacArthur will remember the happiness and sadness and knowledge we have received in the time spent here and will take it with us for guidance into the future. The nineteen sixty-six Itella Staff wishes each graduate much success and happiness.

Itella Staff

It's been a long hard enlightening struggle to bring these pages of the 1966 ITELLA together, but it's also been a great experience. The task began in the fall of '65 when the '66 yearbook staff was organized. The last-minute touch ups and final deadline came in March. Through it all, missing layout mats, picture retakes, lost pictures, flubbed typing, stolen cropping tables, flat tires, unmatched pages, unidentified

Pictures make up the main part of the story a yearbook tells about a school. Using professional, school, and home darkrooms and equipment, our photographers tried to capture our school life. We are grateful to the following people for their time and effort in making pictures for us: Mr. Williams, Mr. Weaver, Bosch Studio, Harry Moyles, Tom Putz, Bill Mitchell, Brian Miller, Pam Leidlein and Mary Watson.
